

Flanner House is committed to the health and safety of our clients/families, visitors, staff, and volunteers. In light of concerns about Coronavirus (COVID-19) as of Tuesday, March 17 we have suspended our Child Development Center, and Before and Aftercare services ...we will not be accepting children until further notice.

Cleo's Bodega will remain open!

For all social services needs, this will be done over the phone (317.925.4231 ext. 221) and by email (info@flannerhouse.org).

We will continue to provide grocery and pharmacy runs for our seniors, those families that are enrolled in our Center for Working families you can continue to reach out to your relationship manager by phone or email.
